

Nourishing Nail Drying Spray (NC-2)

This Nourishing Nail Drying Spray is to be applied after nails have been painted. SeraSense® SF 1.5 (Dimethicone) is a volatile silicone of 1.5cS that speeds up drying time. SeraSense® RB 21 (Dimethicone (and) Trimethylsiloxysilicate) is a resin blend that protects wet nails from damage. This product can also be used as a nail conditioning oil.
