

Silky Cleansing Oil (FW-2)

In Asia, cleansing oils are used as the first part of a two-part cleansing regime. They gently remove make up and dirt without stripping the skin. The oil is spread across the face with the fingers and emulsified with a little water to form a milky white lotion which is rinsed away. **SeraSense® SF CPM** is highly compatible with organic materials and gives a non-greasy, dry feel.

Raw Material/INCI Name	% w/w	Trade name/Supplier	Function
Phase A			
Caprylic/Capric Triglycerides	35.90	Crodamol GTCC/Croda	Emollient
Cetearyl Ethylhexanoate (and) Isopropyl Myristate	10.00	Crodamol CAP/Croda	Emollient
